

A couple of months ago, we asked you all to pray for us at the outset of our support-raising process.

Now, as we head down the home stretch (we leave for Uganda in just 68 days!), we are asking you to pray once again.

If you are receiving this, it is because:

- a) you know what it means to raise support and trust the Lord for every dollar of family and ministry expenses
- b) you are a person of prayer
- c) you just love us
- d) a combination of the above

Here is the situation:

Currently, we need to raise another \$30,000 in one-time start-up expenses which make the ministry possible (building a house, buying a reliable vehicle, plane tickets, furnishing the house including solar power), and we need to get commitments for another \$1,000 per month for family and ministry operating expenses. We are no longer getting a salary from our house church (some from a couple of people in the church), so we are using some of what comes in just to live on for these last couple of months, so we really need the Lord to bring in even more.

It is a LOT, but the Lord has always been faithful and He is the One who has clearly called us to return to Uganda.

Would you please join us in a focused season of prayer for exactly one week, from this evening, Wednesday, May 26 until next Wednesday evening, June 2, especially asking the Lord to provide the needed funds before we return? Of course, it isn't required that you stop praying after that date :) We just want to have a focused, intense time of unified crying out to the Lord to do what is necessary to fulfill His calling.

Thank you so much. You are treasured friends and valued partners. Please pray with us, and let's see what the Lord does in response to the prayers of His children.

We love you.

in Him,

Dave and Jen
